

# How to Access Brainstorm Training for Office 365

---

Many State employees took advantage of the DAS OIT Office 365 webinar and instructor led training that was offered by Brainstorm.

During the training, participants were informed that a training website would be available to state employees and would include training resources for Microsoft Office 2013 applications such as Outlook, OneNote, Excel, Word and PowerPoint.

To access the Office 365 training website, [click here](#) or key the following URL:  
<https://quickhelp.com/ohio/#/home/assignedContent>

To enter the site:

- Insert your State of Ohio User ID in the following format:  
[XXXXXXXX@id.ohio.gov](#)
- Insert your State of Ohio User password that you use for myOhio.gov

Once you access the Brainstorm site, you can click on the “All Content” link at the bottom to view the various instructional resources.
