

Basic and Enhanced Plan Price Schedule

The Enhanced Monthly Plan includes:

- All components of *Basic Plan Features*.
- Unified Communications - A communications system, usually that encompasses a broad range of technologies and applications that have been designed, sold, and supported as a single communications platform or as one entity. Unified communications systems generally enable companies to use integrated data, video, and voice in one supported product.
- Multi-Point Video Conferencing - Ability to conduct a live conference between two or more participants at different sites by using computer networks to transmit audio, video, and text data.
- Singlewire InformaCast - A message broadcast from one to many endpoints.
